COURSE OBJECTIVES

This 42-hour training program is designed for candidates who have already mastered the basics of French vocabulary, culture, pronunciation, and grammar the opportunity to deepen their knowledge of the French language and culture. This is a student-centered program with focus on the development of communicational skills for moderately demanding contexts of language.

This course is ideal for adult learners who wish to acquire French as a second language in a highly engaging and challenging setting, where no time is wasted. You will even speak French during your coffee break!

Our highly qualified instructors will speak in French from beginning to end, helping the students, in this way, to develop better listening comprehension skills and real time interaction in the target language.

By the end of this course, students will have developed the following skills:

- Communicating in routine non-demanding contexts of language use in social interaction, instructions, suasion (getting things done) and requesting information.
- Reading and understanding simple informational, social and business texts.
- Creating simple texts for social interaction, recording information, business/service messages and presenting information.
